BLUESTONE WITH BLACK

The Marquis Series™ pool finish brings an old world elegance to your pool with rich and vibrant colors — every day of the year. This superb finish of natural, durable quartz assures a strong, long-lasting finish — warranted for ten years, is slip-resistant and designed to resist chemical abuse, stains, etching and ugly blemishes. Available in fifteen premixed colors, or custom colors created on-site.

*Actual water color and finishes may differ from printed samples. It is normal to have variations in color, shade and exposure. Influencing factors may include the water's depth, angle of sunlight, surrounding landscape, time of day and time of year. It is recommended to view finish samples wet as appearance will change from dry viewing.*
